Let's give an extra touch to your dishes with our Microplane Premium mini spice grater. This high-quality kitchen utensil is characterized by its ergonomic design and its ultra-fine cutting functionality, perfect for enhancing the flavor and aroma of your favorite spices such as ginger, nutmeg, cinnamon and walnuts. The secret of its effectiveness lies in the surgical quality stainless steel blade, similar to a wood rasp, which allows you to work the ingredients without tearing, pulling or chopping them, thus preserving all their properties. The Microplane grater is not only functional, but also practical and safe. The handle is made of ergonomic plastic, for comfortable and prolonged use, and has non-slip rubber feet, to guarantee extraordinary stability during use. Also, our grater
