If you are a cooking lover and looking for high quality tools, you cannot pass over our product in silence: the Microplane Premium Grater, an essential object for a classy and functional kitchen. This grater is an authentic jewel for lovers of good food, both in professional kitchens and at the home of gastronomy enthusiasts. The use of this grater allows you to obtain very fine and very thin strips, perfect for best flavoring your dishes, and is also ideal for lemon zest. Its strong point lies in the blade, similar to a wood rasp, which guarantees a precise and tear-free cut. Thanks to this type of cut, foods are not chopped, but simply grated, thus maintaining all the original aroma and flavour. In addition to offering a high-level performance, the
