# SOLUZIONI FOODSERVICE

Functional, elegant and designed for healthy cooking: the Agnelli 1907 High Casserole in Alu-Inox 2ply with two handles combines professional performance and refined design.

The mirror-finished aluminum body ensures even heat distribution, while the PFAS-free ceramic nonstick coating allows for fat-free cooking, preserving flavor and food quality. Ideal for soups, stews, sauces, and preparations that require greater capacity and control.

The two nickel-free stainless steel handles, crafted from micro-cast steel, ensure stability, safety, and practicality even during the most generous preparations. The distinctive aesthetic of the Baldassarre Agnelli 1907 line also makes it perfect for direct table service, with a simple and elegant style.
