# SOLUZIONI FOODSERVICE

Elegant, high-performance, and designed for healthy cooking: the Agnelli 1907 High Casserole in 2-ply Alu-Inox combines artisan tradition and modern technology.

The mirror-finished aluminum body ensures excellent heat distribution, while the PFAS-free ceramic non-stick coating ensures even cooking without the need for added fat. Ideal for delicate preparations, sauces, vegetables, creams, and small portions with impeccable results.

Featuring a single, nickel-free stainless steel handle crafted from precision casting, it ensures a solid and secure grip. The refined design of the Baldassarre Agnelli 1907 line also makes it perfect for serving directly at the table, enhancing every service with style and professionalism.

## MAIN FEATURES:
