SOLUZIONI FOODSERVICE

A touch of style for elegantly serving snacks, finger foods, or side dishes. The silver stainless steel Tex Mex tray is a practical and trendy accessory, designed for modern restaurants and those who appreciate refined and original presentation.

With its soft shape and glossy finish, it's perfect for serving chips, French fries, nachos, or small fried foods in a refined and functional way. The high-quality stainless steel ensures strength, hygiene, and durability, making it ideal for both professional and home use.

Main features

- Dimensions: 26 × 16.5 × H 2.8 cm
- Material: durable and hygienic stainless steel
- Finish: Polished silver for an elegant presentation
- Tex Mex design: modern and versatile shape
- Easy maintenance: dishwasher safe, stackable and durable

Strengths

- Professional aesthetics: brilliant finish that enhances every dish.
- Versatile use: perfect for chips, finger foods, dips or single-serving desserts.
- Durability and practicality: ideal for heavy use in restaurants, bistros and catering.
- Contemporary style: a simple but visually striking design.

Ideal for

- Restaurants, bars, and pubs: chic presentation of fried foods and snacks.
- Events & Catering: Perfect for elegant individual portions.
- Refined home use: for serving appetizers or side dishes with a professional touch.
