

**SPIDOCOOK BBQ MASTER MEDIUM GLASS CERAMIC PLATE  
48.1 x 45.7 x 18.2 cm 2800 W (ribbed/ribbed)**

SP015PR-B Manual Medium Hotplate – Black Ribbed Glass Ceramic Tops

# SOLUZIONI FOODSERVICE

The SP015PR-B Manual Medium Griddle is the ideal solution for those looking for uniform, fast and professional-quality cooking.

Equipped with ribbed black glass-ceramic surfaces, it combines elegance and excellent performance, guaranteeing perfect results on a wide range of foods: toast, sandwiches, meat, fish, vegetables, eggs and much more.

Perfect for sandwich shops, hamburger joints, bars, food trucks, hotels, and catering services, it offers power, efficiency, and reliability in any context.

## Main features

- SHB™ Plus Technology – Combined contact and infrared radiant heating system, which ensures uniform heat distribution and cooking temperatures up to 400°C.
- Superior energy efficiency – Thanks to the Protek.Safe™ thermal insulation system, it guarantees up to 60% savings on preheating times and energy consumption, minimizing heat loss.
- Ribbed glass-ceramic surfaces – Thermal shock resistant, non-stick and non-porous, ensuring impeccable cooking and quick and easy cleaning.
- Compact and robust design – Perfect for professional kitchens and environments with limited space, with a modern and functional aesthetic.
- Manual temperature control – For precise cooking management based on the type of food.
