Marecos Series 150 Sottopiano Freezer – Mod. ACE 150 CS TO PO

# SOLUZIONI FOODSERVICE

The Marecos ACE 150 CS A PO undercounter freezer is the ideal solution for professional environments requiring reliability, compactness, and high performance. Made of stainless steel, it guarantees durability, hygiene, and easy cleaning, perfect for professional kitchens, bars, restaurants, and laboratories.

Thanks to its compact dimensions (600x600x835 mm), it easily fits under the worktop, optimizing space without sacrificing its 115-liter internal capacity. The static refrigeration system ensures uniform product preservation, with an adjustable temperature range from -16°C to -22°C.

Digital control allows for simple and precise temperature management, while the optical and acoustic alarm systems (temperature and open door) guarantee maximum safety in food storage.

The interior is designed for maximum practicality, with LED lighting and removable plastic-coated steel shelves for flexible space management. Adjustable feet and a key lock complete a product designed for everyday professional use.

## MAIN FEATURES:

- Durable and hygienic stainless steel construction
- Capacity: 115 litres
- Adjustable temperature: from -16°C to -22°C
- Intuitive digital control
- Static cooling system
- Manual defrosting
- Ecological refrigerant gas R600a
- Visual and audible alarms (temperature and open door)
- LED interior lighting
- Pull-out shelves included
- Adjustable feet
- Key lock for added security

## TECHNICAL SPECIFICATIONS:

- External dimensions: 600 x 600 x 835 mm
- Internal dimensions: 460 x 410 x 680 mm
- Net weight: 45 kg
- Power: 110 W
- Power supply: 230V / 50 Hz (single phase)
- Annual consumption: 953 kWh
- Climate class: 4 (up to +30°C ambient)
- Insulation: 60 mm

Compact, efficient and reliable: the Marecos ACE 150 freezer is the perfect choice for those looking for professional performance in small spaces.
