Marecos 600 Series Vertical Refrigerator – Mod. APA 600 PO

# SOLUZIONI FOODSERVICE

The Marecos APA 600 PO upright refrigerator from the 600 Series is designed to offer high-performance refrigeration in professional settings, combining large capacity, efficiency, and robustness. Ideal as a backup unit for professional kitchens, restaurants, and laboratories, it allows the direct use of GN 2/1 containers for optimal food management.

The AISI 441 stainless steel exterior ensures strength, durability, and easy cleaning, while the thermoformed interior ensures practicality and hygiene. With a gross capacity of 567 liters, it offers ample space for organized storage.

The ventilated refrigeration system ensures even distribution of cold air, maintaining a constant temperature between +1°C and +8°C. Automatic defrosting and digital thermostat control make it simple and reliable to use, reducing the need for maintenance.

The interior features four removable GN 2/1 shelves in plastic-coated steel, ideal for flexible space management. The reversible, self-closing door, lock, and casters with leveling feet make this product practical and versatile in any professional setting.

## MAIN FEATURES:

- Large capacity: 567 gross litres
- Compatible with GN 2/1 standard
- External structure in AISI 441 stainless steel
- Ventilated refrigeration for uniform temperature
- Adjustable temperature: from +1°C to +8°C
- Automatic defrosting
- Precise and intuitive digital control
- Reversible full door with self-closing
- Lock with key
- 4 removable GN 2/1 shelves included
- 4 casters + 2 leveling feet
- Ecological refrigerant gas R600a

## TECHNICAL SPECIFICATIONS:

- Dimensions: 750 x 750 x 1880 mm
- Internal dimensions: 622 x 545 x 1603 mm
- Gross capacity: 567 litres
- Net volume: 488 litres
- Weight: 91 kg
- Power: 190 W
- Power supply: 230V / 50 Hz (single phase)
- Annual consumption: 757 kWh
- Climate class: 4
- Temperature class: M1
- Energy class: D
- Insulation: 60 mm polyurethane
