# SOLUZIONI FOODSERVICE

The Stilevo liquid soap and gel dispenser combines practicality, durability, and modern design, making it ideal for professional environments, offices, commercial businesses, and high-traffic spaces. Crafted with a 100% recycled ABS cover and a polypropylene base, it is designed for reliability and long-lasting durability. Its versatile, streamlined design easily adapts to any environment, while its impact- and temperature-resistant construction ensures optimal performance even with frequent use. Featuring a practical push-button dispensing system, it delivers precise dosing of 0.7 ml per use and is compatible with both liquid soaps and hydroalcoholic sanitizing gels. The 1-liter refillable tank allows for easy management and extended use. For added security, the dispenser is equipped with a key lock and includes screws and anchors for wall mounting. Main features: - 100% recycled ABS cover - Compatible with liquid soap and hydroalcoholic gel - Tank capacity: 1 litre - "Push" dispensing system - Dosage: 0.7 ml per dispensing - Resistant to shocks and thermal shocks - Safety lock with key - Easy installation with screws included Technical data: - Materials: ABS and Polypropylene - Colour: White - Dimensions: 95 × 130 × 260 mm - Weight: 0.428 kg
