Stovimat are highly effective cleaning tablets, designed to ensure a quick and thorough cleaning of fryers and surfaces contaminated by stubborn grease. Thanks to their formula with active degreasing agents, they easily remove even solidified vegetable and animal fats, restoring the shine of treated surfaces. MAIN ADVANTAGES: - Powerful degreaser: eliminates stubborn oil and grease residues - Fast action: effective results in a short time - Easy to use: formatted in practical and dosed tablets - Sanitizing: presence of chlorine which helps neutralize bad odors - Shiny finish: clean and streak-free surfaces TECHNICAL CHARACTERISTICS: - Format: 600 g (30 tablets) - pH: 12 (strongly alkaline) - Action: degreaser, sanitizer and deodorizer - Complies with HACCP standards Dosage: 2 tablets for small fryers (15 litres) - 3 tablets for large fryers (25 litres) The combination of highly effective surfactants and powerful alkaline agents guarantees professional cleaning, making this product ideal for both advanced domestic use and professional environments (catering, industrial kitchens).
