SOLUZIONI FOODSERVICE

If you're looking for the perfect balance between compact size, maximum efficiency, and professional reliability, the Marecos ARV 430 CS A PO upright refrigerator is the ideal solution. Specifically designed as a backup unit or to optimize storage in small spaces, this refrigerator combines the elegance and durability of stainless steel with high-level thermal performance. Why choose the Marecos 430 Series? - Temperature Uniformity: Thanks to the ventilated refrigeration system and 50 mm water-based polyurethane insulation, the internal temperature remains constant and uniform (from +1°C to +8°C), optimally preserving the freshness of your products. - Smart Management and Automatic Defrosting: Control is entrusted to a precise and intuitive digital thermostat. Furthermore, automatic defrosting eliminates maintenance downtime. - Solidity and Aesthetics: Exterior in sturdy AISI 441 stainless steel, perfect for intensive use in the kitchen, and interior in white thermoformed PS, hygienic and extremely easy to clean. - Maximum Practicality: Equipped with a reversible self-closing door (to avoid heat loss), a safety lock as standard and 4 wheels with 2 adjustable feet to move and level it effortlessly.
