SOLUZIONI FOODSERVICE

Maximize the performance of your accelerated cooking oven with the Original Lainox Starter Kit for Oracle XS. This complete set has been specifically designed to ensure maximum compatibility, ease of use, and impeccable cooking results for a multitude of different preparations. It is the ideal turnkey solution for bars, bistros, snack bars, and professional kitchens that want to start using the oven right away, improving staff efficiency and the quality of the dishes served.

What the Kit Includes: 1x Aluminum Oven Peel with Hand Guard Dimensions: 28 x 42.2 x 6.9 h cm **Why it's useful:** Essential for baking and removing sandwiches, pizzas, and snacks in complete safety, protecting the operator from the oven's extreme heat. 2x Perforated Teflon Baskets Dimensions: 14 x 28.6 x 1.9 h cm **Why they are useful:** The perforated base allows maximum circulation of hot air (impingement), making them perfect for fried foods, finger foods and products that require absolute crispiness on all sides. 2x Smooth Teflon Baskets Dimensions: 28.6 x 28.6 x 1.9 h cm **Why they are useful:** Ideal for heating, cooking sandwiches, toast, lasagna or baked goods, preventing the escape of liquids or melted cheese thanks to the non-stick properties of high-quality Teflon. 1x Non-Stick Ribbed Grilling Plate Dimensions: 28.6 x 30 x 1.1 h cm **Why it is useful:** Allows you to obtain those beautiful and inviting "real grill" scratches on meat, vegetables and gourmet sandwiches, keeping the food juicy inside.

The Advantages of the Starter Kit:

- 100% Original Lainox Quality: Accessories tested to withstand the very high temperatures and combined microwave and convection cycles of the Oracle XS oven.
- Maximum Non-Stickness and Quick Cleaning: The Teflon baskets and plate prevent food from sticking, reducing waste and speeding up cleanup after use.
- Menu Versatility: With a single kit, you have everything you need to go from cooking a pizza to grilling a sandwich or reheating a ready-made dish.

If you are purchasing the Lainox Oracle XS oven, this kit is the essential accessory to add to your cart to exploit 100% of the potential of your new High Speed Oven from day one!
