Marecos Professional Vertical Freezer Series 430 (Stainless Door) – Mod. ACE 430 CS TO PO

SOLUZIONI FOODSERVICE

If you need to store your frozen products but have limited kitchen space, the Marecos ACE 430 CS A PO upright freezer is the ideal choice. Designed as a professional back-up freezer, this model offers exceptional sturdiness thanks to its stainless steel body and optimal internal organization on 6 fixed refrigerated shelves. The Strengths of the Marecos 430 Series Freezer - Static Cooling on the Shelves: The static cooling system acts directly through the fixed shelves, ensuring a stable and safe freezing temperature for your frozen products. - Increased 60 mm Insulation: To maintain negative temperature without dispersion and optimize energy consumption, the water-based polyurethane insulation has been increased to a full 60 mm thick. - Professional Solidity: External structure in AISI 441 stainless steel, resistant to impact and corrosion, with a white thermoformed PS interior designed for easy cleaning and sanitization. - Comfort and Safety: Reversible solid door with automatic closing (to prevent it from being accidentally left open) and lock with key as standard. Moving is very easy thanks to the 4 integrated wheels and 2 front levelling feet. TECHNICAL SPECIFICATIONS: - External Dimensions (W x D x H): 620 x 675 x 1860 mm - Internal Dimensions (W x D x H): 477 x 470 x 1590 mm - Gross / Net Volume: 386 Liters / 268 Liters - Weight: 79 kg - Intended Use: Frozen Products (Low Temperature) - Type of Cold: Static - Defrosting: Manual - Power / Voltage: 320W | 230V - 50Hz (Single Phase) - Annual Consumption: 1589 kWh/year - Refrigerant Gas: R 290 (Highly efficient and environmentally friendly) - Climate Class: 4 - Thermostat: Precision digital - Interior Layout and Equipment - Shelves: 6 fixed refrigerated shelves (Dimensions: 493x380 mm) - Door Type: Solid, reversible and self-closing - Security: Lock with key included - Stability: 4 wheels + 2 adjustable feet This freezer is the perfect companion to the positive refrigerated model (ARV 430). This way you will have a refrigerator and freezer column with a coordinated design, extremely robust thanks to the stainless steel and capable of making the most of every centimeter of your kitchen or laboratory.
