SOLUZIONI FOODSERVICE

The Minneapolis BPX Digital Scale is the ideal professional tool for businesses, laboratories, and markets that require maximum precision and reliability in calculating weight and price. With a maximum capacity of 40 kg and a graduation of just 2 grams, it guarantees extremely accurate measurements even for the lightest products. Made with a stainless steel plate, it is robust, hygienic, and extremely easy to clean. Thanks to the large backlit LED system, data readings (weight, unit price, and total amount) are immediate and clear in any lighting conditions, for both the operator and the customer. Dual Power Supply and Maximum Versatility
Designed for those who work in a fixed location or on the move (such as in local markets), the scale offers a dual operating mode: via mains adapter or battery (both already included in the package). MAIN FEATURES: - Price-Amount Function: Automatic and immediate cost calculation based on weight. - Stainless Steel Plate: Resistant, durable, and suitable for contact with food. - High visibility LED display: Large backlit digits for effortless reading. - Ready to use: Rechargeable battery and power supply included in the package. TECHNICAL SPECIFICATIONS: - Model: BPX 40/2 - Maximum capacity: 40 kg - Precision / Division: 2 g - Plate dimensions: 300 x 195 mm - Overall dimensions: 300 x 350 x h 125 mm - Net weight: 3.8 kg - Power supply: Battery or transformer
