SOLUZIONI FOODSERVICE

The Gold-PLUS pacotizing blade is the ideal choice for those seeking precision, reliability, and ease of use in pacotization® processes. Thanks to its revolutionary 4-wing design (2 blades and 2 blades), it guarantees impeccable results even in intensive applications.

Main Features:

- Advanced locking system: The new anchoring mechanism ensures maximum stability during repeated pacotization® and facilitates removal for quick and easy cleaning.
- Compatibility: Designed specifically for the Pacojet 2 PLUS and Pacojet 4 models, it offers optimal performance with the latest technologies.

Optimize your pacotization® experience with the Gold-PLUS blade, synonymous with quality and innovation.
