SOLUZIONI FOODSERVICE

Elegant, refined, and with an original design, this clear borosilicate glass tumbler is embellished with a precious colored gem set into the bottom, a distinctive detail that adds personality and makes each piece unique. The delicate vertical ribbing enhances the transparency of the glass and creates evocative plays of light, transforming a simple glass into an elegant table accessory. With a capacity of 33 cl, it is ideal for serving water, soft drinks, juices, cocktails, and other beverages with style. Made of borosilicate glass, a material prized for its lightness, brilliance, and durability, it is also dishwasher safe, ensuring practicality and ease of use. Features: - Material: Clear borosilicate glass - Elegant vertical ribbing - Exclusive colored gem on the bottom - Capacity: 33 cl (330 ml) - Diameter: 8 cm - Height: 9 cm - Dishwasher safe - Ideal for water, juices, soft drinks, and cocktails
