SOLUZIONI FOODSERVICE

Your kitchen may need a little trick to expand the cooking capacity of your stove, worry no more, we have just the thing for you! We are talking about the stainless steel Flame Spreader Screen, an innovative product capable of enlarging the cooking area. Designed for professionals, here is a gadget that will allow you to evenly distribute the heat over the entire surface of the pan, cooking all types of food to perfection. Made of stainless steel, our flame spreader screen is resistant to high temperatures: a significant detail that guarantees a long life of the product. You won't have to worry about burns or ruining your pans, thanks to the quality of the material with which it was built. Despite what you might think, cleaning it is very simple. In fact, it can be easily washed in the dishwasher, making your job easier and saving money
