

VICTORINOX KNEE FLEXIBLE SPATULA cm.16

SOLUZIONI FOODSERVICE

USE:

Extremely flexible spatula. The handle is perfectly balanced with the blade. Knee spatulas are used to make portions of various foods. Also useful for turning food on the plate. This spatula stands out for its extreme flexibility which is maintained over time thanks to the excellent quality of the steel.

Victorinox supports every job with its high-quality products, as you can expect from the inventor of the original Swiss Army knife.

CHARACTERISTICS:

- stainless steel blade
- plastic handle
- dishwasher safe
- made in Switzerland
