SOLUZIONI FOODSERVICE

Discover the Sanelli Forgiato Forchettone, an authentic masterpiece of Italian manufacturing, the perfect companion for every passionate and expert chef. This professional fork, 33 cm in total length, is made of high quality steel, forged to ensure strength and durability over the years. The innovative design with two teeth, 16 cm long each, with a square section and a conical shape at the end, makes it an indispensable tool in any kitchen, capable of easily handling even the most voluminous or heavy foods. The feature that truly sets our fork apart is the ergonomic design of the handle. The result of studies conducted in specialized research institutes and proven through computerized tests, the handle offers unbeatable comfort, combining elegance, functionality and safety in the same shape. The surface of the handle
