### SCISSORS KAI N5350 SOFT BLACK STAINLESS STEEL mm.350 SERRATED BLADES

KAI PROFESSIONAL SCISSORS MODEL N5350 OF mm.350 COMFORTABLE SOFT RUBBER HANDLE SERRATED STAINLESS STEEL BLADES CUT mm.80

## SOLUZIONIFOODSERVICE

### Kai's N5000 series was created for professional use. The scissors have a satin surface and a tension regulator device for easy adjustment.

#### BLADES

The blades are made of high carbon AUS6A stainless steel with a hardness of 56HRC which guarantees exceptional edge life and superior cutting efficiency

#### HANDLE

Ergonomically shaped, it is designed to ensure excellent balance in the cut. Very comfortable thanks to the soft rubber grip.
