SOLUZIONI FOODSERVICE

Dedicated to all professional cooking enthusiasts, and not only that, we present the Victorinox Two-Cut Potato Peeler with 6 cm Steel Blade, a timeless tool, indispensable in the preparation of your favorite recipes. Recognized internationally for their unsurpassed quality, Victorinox knives offer an unparalleled cutting experience, thanks to the particular purity of the high carbon content stainless steel. Each blade is handcrafted by expert craftsmen in Switzerland, going through a process of hardening, tempering, polishing, engraving and finishing. The result? A precise, thin and perfectly filed cut. Resistance to corrosion and oxidation, impervious to acids, ease of cleaning and incredible thread retention are just some of the characteristics that distinguish it. But a good knife is not just a blade
