SOLUZIONI FOODSERVICE

Welcome your new ally in the kitchen: the Blue Scoop Piana. This indispensable tool, measuring 16x23x36 cm, is the ideal companion for making your dishes with a touch of professionalism. The selective polypropylene construction material is guaranteed and PHB approved. This results in a robust, resistant and long-lasting product that will not fail to amaze you with its quality. If you want a tool that can keep up with your pace and withstand daily use, this scoop is for you. Large with a capacity of 1000 g, it is perfect for serving large quantities of food or mixing large volumes of ingredients. It will never disappoint you, whether you are preparing an intimate dinner or organizing a large brunch for the family. Its eye-catching blue color adds a touch of vibrancy to your kitchen and allows you to spot it
