SOLUZIONI FOODSERVICE

We present you a set of 14 round tin cutters, essential for those who love creativity in the kitchen. These cutters are perfect for cutting pasta, giving each dish a touch of originality and precision. Made entirely in Italy, they stand out for the quality of the materials used: tin, in fact, guarantees solidity and resistance over time that few other materials can boast. And not only that, it is an absolutely safe material for contact with food, for healthy and risk-free cooking. The set includes 14 molds of various sizes, perfect to adapt to all your culinary needs. You can create pasta in different sizes, from small ones for soups to larger ones for main dishes. And after use? Don't worry, the molds are easily dishwasher safe, saving time and maximum convenience. Do not lose
