SOLUZIONI FOODSERVICE

The indispensable classic among kitchen utensils.

FOR MORE THAN 70 YEARS, IDENTICAL IN ORIGINAL MODEL AND QUALITY!

ZWILLING JA HENCKELS Original KÜCHENHILFE scissors are traditionally multifunctional.

Forged from high-quality special steel, they are manufactured by hand. They easily cut aromatic herbs, flowers, paper and cardboard, they act as bottle openers and corkscrews.

- PROCESSING:

The robust blades undergo precision sharpening. The micro-toothing guarantees maximum grip, the material to be cut does not slip.

- QUALITY:

Exclusively formulated stainless steel ensures long product life. The scissors with the FRIODUR® brand are subjected to a special cryogenic hardening treatment which enhances their quality. The cold-hardened blades stay sharp longer and are particularly resistant to corrosion.

- FUNCTIONALITY:

These traditional multifunctional scissors allow you to effortlessly cut herbs, flowers, paper or even carpet. Further functions integrated into the handle are the bottle opener, the corkscrew and the bottle opener.
