Our Double Digger, with a diameter of 2.2 cm and 2.5 cm, is the ideal accessory to discover a new way of presenting your culinary creations. Useful and practical, it is the professional tool that was missing in your kitchen. Designed to help you create fruit and vegetable balls, it makes every dish a real feast for the eyes. Imagine a fresh melon and watermelon salad with perfectly formed balls, or a scooped vegetable garnish for your main courses. And not only that: you can also use it for ice cream, to serve scoops with attention to detail and ready to surprise. Made of stainless steel, it is robust and resistant, suitable for intensive and professional use. The ergonomic handle ensures a comfortable and safe grip, allowing you to work with precision and without the slightest effort
