SOLUZIONI FOODSERVICE

Enrich your kitchen with this set of platinum silicone lids, perfect for professional and amateur chefs. Extremely flexible and resistant, they are ideal for precise and creative cooking, without compromising the quality of the ingredients. Break-proof and space-saving, they guarantee exceptional thermal stability, suitable for use in the oven and microwave as well as in the fridge or freezer. Their use extends from the world of pastry making to that of catering. Easily washable in the dishwasher, they have a sophisticated but practical design and are completely odorless and tasteless. Created specifically for your culinary needs, with the guarantee of Italian production.
