

# SOLUZIONI FOODSERVICE

Discover our 16cm Flexible Silicone Lid, ideal for giving that extra touch to your dishes. Made of high quality silicone, this lid combines practicality and functionality. Thanks to the flexibility of silicone it is perfect for any type of container. Its resistance to high and low temperatures makes it ideal for going from the oven or microwave to the fridge or freezer without problems. With a refined design, you can use it to present your creations in an elegant and original way. In addition, the silicone used is odorless and tasteless, ideal for preserving the quality of your food. Easy to clean, just put it in the dishwasher. All strictly Made in Italy. No more fear of breakages or thermal imbalances, with our silicone lid your dishes will always be at their best!
