

STAINLESS STEEL HAM HOLDER VICE

vedi prodotto online

SOLUZIONI FOODSERVICE

Made with care and precision, this ham holder, entirely made of stainless steel, features a hinge and nails in 18/10 stainless steel, guaranteeing quality and durability over time. The anatomical handle and support base are made of wood, offering greater comfort and stability during use. It is the perfect accessory for blocking the ham and slicing it in the most traditional way, giving a touch of elegance and professionalism to your table on special occasions. A mix of functionality and design at a truly affordable price.
