SOLUZIONI FOODSERVICE

A must-have in professional kitchens, the 25cm Sandvik scraper is the perfect ally for every chef. This universal tool is a powerful weapon against paint, rust and rubber, thanks to its tungsten carbide blade which ensures effectiveness even on the most resistant materials such as metal and concrete. With its reversible blade equipped with two cutting edges, you will have a longer lifespan, up to 50 times longer than normal steel blades, thus obtaining a faithful and long-lasting friend.
