MESH cm.45x28**

# SOLUZIONI FOODSERVICE

This artisan sieve is an indispensable kitchen companion for lovers of genuine and natural products. Made with a pure fir wood frame, not subjected to chemical treatments, it offers maximum food safety. The heart of the sieve is made of stainless steel mesh, resistant and long-lasting, ideal for daily use. To guarantee you a sturdy and durable product, the structure features extra fir wood reinforcements that prevent the net from sagging. It is perfect not only for sifting flours, but also for ensuring optimal drying of fresh pasta. A single tool for multiple uses, waiting to be discovered.
