# SOLUZIONI FOODSERVICE

With the 3.3x2 cm Corrugated Digger all your dishes will look like a work of art! This professional stainless steel accessory allows you to obtain wavy balls from fruit and vegetables for gourmet decorations. Try melon, watermelon, papaya or carrots and pumpkins. But that is not all! It is also ideal for forming small ice cream spheres. Its ergonomic design facilitates use and can be easily washed in the dishwasher. Made in Germany, it combines excellent performance with maximum practicality.
