SOLUZIONI FOODSERVICE

The Oval Scavino is an essential accessory in every professional kitchen. Designed for creating oval balls from a variety of fruits and vegetables such as melon, courgettes, carrots, and potatoes, it is also ideal for forming sweet ice cream balls. Its ergonomic shape and stainless steel structure make the corer easy to handle and resistant. Don't worry about cleaning, it's dishwasher safe! This accessory, produced in Germany, will allow you to give a creative touch to your dishes, adding unique and refined details.
