# SOLUZIONI FOODSERVICE

The cooking lover knows how important it is to take care of every detail, including the balance of flavors. This is why we offer you this indispensable accessory: the Carafe separates 1000 ml sauces and gravies. Practical and functional, it helps you separate the fatty part of your condiments, for light but tasty dishes. Made of transparent SAN plastic, it allows you to easily monitor the levels of your ingredients thanks to the graduation up to 1000ml. Resistant to temperatures up to +125°C, it is also perfect for hot sauces or roast gravy; However, we recommend that you cool the ingredients slightly before pouring them. Finally, cleaning will not be a problem: it is dishwasher safe. Small details, big results. And you, are you ready to cook like a chef?
