

KYOCERA PEELER BLACK CERAMIC BLADE cm.4

SOLUZIONI FOODSERVICE

Discover the pleasure of preparing your favorite dishes with the Kyocera peeler with 4 cm black ceramic blade. This exceptional tool is made of a zirconia blade, a natural raw material, transformed through a patented process into a high-tech material that surpasses steel in terms of lightness, heat resistance and corrosion resistance. The Kyocera peeler is not only a functional accessory, but also contains a world of unique advantages. First of all, its incredible antioxidant capacity. Being insensitive to acids, it does not absorb odors and does not oxidize foods, thus keeping the taste of your ingredients unaltered. Again, you will have an incredibly sharp tool at your disposal. Our peeler blade stays sharp approximately 10 times longer than steel blades. You no longer have to worry about trimming them
