

AGO PER LARDELLARE INOX cm. 19

vedi prodotto online

SOLUZIONI FOODSERVICE

Create dishes with a unique flavor and aroma with our 19cm stainless steel larding needle. This professional tool is designed to infuse your meat with bacon, lard or spices, giving it tenderness and unique flavor. Its toothed part allows you to perfectly wrap the piece of lard, which we recommend is about 4-5 cm long. Resistant and long-lasting thanks to its stainless steel construction, it is an essential accessory for lovers of good food.
