# SOLUZIONI FOODSERVICE

Show off your culinary passion with the elegant A3 Curved Scavino, the essential professional accessory for precisely carving decorations from vegetables and fruits. He creates circular and semi-circular shapes, from the detail of a floral petal to the fine scales of a fish. The high quality stainless steel guarantees durability and resistance, while the ergonomic grip ensures comfort during use. Easily take a run in the dishwasher after use for effortless cleaning. Made in Germany, it combines quality and functionality in a single tool.
