# SOLUZIONI FOODSERVICE

Revamp your kitchen with our spherical colander. Perfect for draining and draining any type of food, from pasta to vegetables. Made in Italy, in food-grade polypropylene, a resistant and safe material that guarantees perfect sealing at temperatures between  $-20^{\circ}$  and  $+100^{\circ}$ . So sturdy, you can easily wash it in the dishwasher without worries. A diameter of 28cm makes it ideal for all your culinary needs. An essential item for every chef.
