SOLUZIONI FOODSERVICE

Unveil your talent in the kitchen with the A4 curved stainless steel scoop. Creating sophisticated decorations becomes a pleasure with this professional accessory, ideal for processing fruit and vegetables. Reproduce circular and semicircular shapes on melon, papaya, pumpkin or carrots, obtaining fine details depending on the diameter of the corer. Not only practical and ergonomic, but also easy to clean thanks to its compatibility with the dishwasher. High quality product, 100% made in Germany, it is the indispensable ally to give an artistic touch to your preparations.
