SOLUZIONI FOODSERVICE

Here is an essential tool for every precision-loving chef: our German-designed stainless steel Double Peeler. This magnificent piece of equipment, 19 cm long and 6.5 cm wide, is the optimal tool for fast and precise cleaning of your long vegetables, such as carrots or asparagus. The double blade allows you to peel the vegetable on two sides at the same time, halving the preparation time. Use is simple and cleaning even easier! In fact, it is dishwasher safe thanks to the resistance of the construction material, stainless steel and aluminium. Perfect for daily food use, it is guaranteed by German quality.
