SOLUZIONI FOODSERVICE

Let your culinary creativity fly with our E2 Triangular Core Scoop, the ideal tool for making detailed vegetable and fruit decorations. Shape it as you want, pumpkin, courgette, carrot or potato, or on fruit such as melon, watermelon or papaya. Designed specifically to create angled shapes, the smaller the diameter, the richer the detail you can achieve. Made of stainless steel, its easy handling and ergonomics make it a practical and essential accessory. Plus, it's dishwasher safe and proudly made in Germany.
