

SQUARE BURGER F1 cm.0,2

SOLUZIONI FOODSERVICE

The Scavino Quadrato F1 is the professional accessory that will enrich your kitchen with a touch of creativity. Perfect for creating unique decorations on vegetables such as courgettes, carrots and potatoes and on fruit such as melon, watermelon and papaya. With its square and defined design and a diameter of just 0.2 cm, you can create fantastic details. Built with high quality stainless steel, it promises strength and durability. Practicality and ergonomics come together in this tool of German origin, easily washable in the dishwasher. A precious ally for every chef!
