SOLUZIONI FOODSERVICE

Your ideal ally in the kitchen has arrived: the indispensable stainless steel wire potato masher. Sturdy and resistant, it is made with a wooden handle which guarantees a comfortable and safe grip. Its dimensions of 10x9.5x36 cm make it adaptable to any type of cookware, allowing you to use it directly on the containers. An essential ally for crushing potatoes and other foods effectively and effortlessly. The advice is to wash it by hand to preserve its quality over time.
