SOLUZIONI FOODSERVICE

The aluminum cherry pitting accessory is the indispensable aid for those who love working with large quantities of fruit. With this tool, you can stone quickly and effortlessly, thanks to the durable aluminum material. The container and chute, made of polyoxymethylene, allow for practical hazelnut collection. But it doesn't end there: the container is spacious, so you won't have to empty it constantly. A special tool to make your life in the kitchen easier!
