 Suitable for transporting professional dishwasher baskets up to a maximum of 5 pieces at the same time.
 Ideal for large kitchens, canteens, supermarkets, butchers and other public and gastronomic facilities. Thanks to the careful workmanship and the stainless steel with which it is produced, the trolley is extremely easy to clean and maintain.
 Stable, self-supporting and hygienic construction in TIG-welded square tubing, a spontaneous fusion welding process that guarantees high quality and excellent aesthetic results.
 The "L" shaped support guides are welded diagonally to increase the load capacity and guarantee stability and maximum durability, with a gap of cm. 28 with anti-fall stopper.
 Trolley equipped with 4 high-performance swivel wheels in anti-corrosion material, excellent smoothness and silence, made with a polypropylene core and non-marking gray synthetic rubber tread, polyamide support structure and swiveling on double row of stainless steel balls, through-hole hub, 2 with brake , easily replaceable, fixing with INOX bolt on threaded INOX support welded to the frame.
 Bumpers are not provided to avoid the accumulation of dirty material, thus ensuring easier cleaning.
