SOLUZIONI FOODSERVICE

Simply ideal for kitchen professionals, the Matfer Exoglass Fried Shovel will change the way we fry our favorite specialties. Made of Exoglass, an innovative material, the shovel is compact, non-porous and pleasant to the touch, ensuring a secure grip during use. Furthermore, it does not deform, is very light, but extremely durable. It is stainless and resistant, suitable for use in the dishwasher, refrigerator, microwave and oven, from -20° to +250°. Easy to clean, it ensures excellent heat diffusion, invaluable in the hands of the most demanding chef or pastry chef. Perfect with non-stick cookware.
