

## DE BUYER MANUAL CORER DRIVER STAINLESS STEEL WITH ORANGE HANDLE hole cm.1,3

Empty fruit and vegetables in style thanks to this stainless steel corer with ergonomic handle, ideal for creating tasty stuffing glasses!

# SOLUZIONI FOODSERVICE

Take full control of your kitchen with the De Buyer manual corer. This revolutionary tool will allow you to remove the core of fruit and vegetables with extreme ease. Equipped with a retractable stainless steel blade, it will allow you to create delicious vegetable cups filled and cooked as you prefer. The graduated feature will help you leave a bottom layer, thus creating the perfect container for tasty fillings. Its stainless steel structure guarantees durability and resistance, while the ergonomic polypropylene handle ensures a secure grip. For versatile use, our corer can be easily washed in the dishwasher. Made in France, it announces high quality and maximum precision. Add it to your kitchen, for innovative and delicious recipes.
