

STAINLESS STEEL PISTON DRIVER FUNNEL It.1,9 COMPLETE WITH SUPPORT

SOLUZIONI FOODSERVICE

Discover the efficiency and versatility of the Stainless Steel Piston Pouring Funnel, an indispensable accessory both in the kitchen and in the pastry shop. With its capacity of 1.9 litres, it guarantees a perfect hermetic seal that ensures precision and cleanliness during use. Ideal for pouring creams, sauces and liqueurs, it will become an irreplaceable tool for garnishing dishes, filling savory pies, filling pans with liquid paste and also for filling chocolate shells with alcohol. Equipped with three holes and a practical integrated support, it is made of resistant stainless steel. Excellent quality product, made in France.
