

MAXI STAINLESS STEEL ROUND WHIP cm.80

vedi prodotto online

SOLUZIONI FOODSERVICE

Let yourself be captivated by the robustness and efficiency of our professional round whisk. Made of stainless steel to ensure long life, it features a rubber handle, designed to give you a secure and comfortable grip during use. With a length of 80 cm and a thread diameter of 4 mm, it is ideal for mixing, whipping or emulsifying any type of preparation in the kitchen. A true ally for catering professionals, but also perfect for passionate home chefs!
