

MAXI POLYAMIDE COMPOUND WITH STAINLESS STEEL HANDLE
- cm.100

SOLUZIONI FOODSERVICE

Let yourself be won over by the versatility of our 100cm long compound: the perfect tool for your professional kitchen. Made of solid polyamide, a robust and heat-resistant material, it is equipped with a stainless steel handle to ensure a safe and comfortable grip. Its sophisticated design fits beautifully into any setting. An essential accessory for mixing any culinary preparation with skill and effort. Reliability and resistance in a single solution!
