

**THERMO JUG WITH GRADUATED SCALE ml.1000**

# SOLUZIONI FOODSERVICE

Discover our 1000 ml Graduated Thermal Carafe, the essential accessory for your kitchen! Perfect for dosing liquids with precision thanks to its scale marked in liters and milliliters. Made of food-safe polypropylene, it guarantees resistance and durability over time. Can be used in the microwave for short periods, withstands temperatures up to +125°. Practical handle and spout for safe pouring, while the ability to wash it in the dishwasher makes cleaning easier. German reliability at your fingertips.
